

### ENGAGE WITH IMPACT - WORKSHEET #3: SELECTING DOMAINS AND ITEMS

Use this worksheet, along with the logic model you developed, to select the domains and items that you will use to evaluate the impact of your initiative. As a reminder, we encourage you to use each of the 9 core items in your evaluation. You may select additional items to evaluate your initiative based on your evaluation goals. Remember to consider the level of impact you want to evaluate as well when selecting your items (people, program, organization and health system).

#### DOMAIN: Knowledge and Skills
