

ENGAGE WITH IMPACT TOOLKIT: WORKSHEET #2 - DEVELOPING A LOGIC MODEL

Use this worksheet to think through and develop your logic model for your engagement initiative. This will help you frame your evaluation.

Goals and Objectives

What are the goals and objectives for the engagement initiative you will be evaluating?

What are the objectives for your evaluation?

Inputs

What structures, resources and inputs contributed to the engagement initiative? Consider both internal and external inputs.

Activities and Methods

What engagement activities and methods are being used for this work? (Co-Design; Committees)

Outputs

What happened/what do you anticipate will happen because of this engagement initiative?
What did/will you learn? What were/will be the results?

Impacts

What are your expected short-term, medium-term and long-term impacts? Consider potential impacts on the people involved, the program, the organization and the health system.

	Impacts on...			
	People	Programs	Organization	Health System
Short-term				
Medium-term				
Long-term				

Using the information you collected above, complete your logic model framework below.

Goals and objective			
Inputs			
Activities and methods			
Outputs
